

DUTIES ON IMPORTS—COMPARATIVE STATEMENT.

LETTER

FROM

THE SECRETARY OF THE TREASURY,

TRANSMITTING

*A Comparative Statement of Duties under the acts of 1816, 1818, 1824, 1828, and 1832, and under the bill reported by the Committee of Ways and Means at the present session.*

FEBRUARY 9, 1833.

Read, and laid upon the table.

TREASURY DEPARTMENT,

February 8, 1833.

SIR: In compliance with a resolution of the House of Representatives of the 7th ultimo, requesting the Secretary of the Treasury "to prepare and lay before the House a comparative statement of the rates of duties on imports, under the acts of 1816, 1818, 1824, 1828, 1832, and under the bill reported by the Committee of Ways and Means at the present session;" I have the honor to transmit a report from the Register, with certain tables therein referred to.

It is proper to observe that the resolution was referred to the Register as soon as it was received from the House, and the statements have been sent up only to-day. The cause for the delay is stated, in the Register's report, to be the time required for the investigation, and the labor necessary to the preparation of the tables.

I have the honor to be,

Very respectfully,

Your obedient servant,

LOUIS M'LANE,

Secretary of the Treasury.

The Hon. the SPEAKER

of the House of Representatives.

## TREASURY DEPARTMENT,

*Register's Office, February 8, 1833.*

SIR: I have the honor to transmit, herewith, a comparative view of the rates of duties on imports under the acts of 1816, 1824, 1828, 1832, and the bill of the House of Representatives now under consideration, prepared in obedience to a resolution of the 7th of January last.

A separate comparative table is given of articles, the duties on which were increased by the *acts* of the 20th of April, 1818.

A table is also given of the articles free of duty under the acts of the 27th of April, 1816, and the 14th July, 1832.

In submitting this document, permit me to observe that a close and arduous examination has been given to the subject, and much time and labor bestowed on it; yet, from its intricate and complex character, it is feared that errors of a minor character may have been overlooked, for the want of time to revise and copy the work. Upon a *revision* of the *work* it was intended to embody the articles which paid duty as *non-enumerated* under the acts preceding that of the 14th of July, 1832, but this cannot be done for the reason just advanced.

It is purposed to reconsider the subject during the recess of Congress, and from the materials collated, to arrange and prepare a document which will exhibit the various modifications which the tariff have undergone from the commencement of the Government until the present time, and be ready for any future action of Congress.

The investigation and labor necessarily to be gone into in preparing the document now transmitted, has rendered it impossible to present it at an earlier day.

I have the honor to be,—

With great respect, sir,

Your obedient servant,

T. L. SMITH.

Hon. LOUIS M'LANE,

*Secretary of the Treasury.*

## TABLE I.
